3:00 p.m. - 6:00 p.m. ET

Calgary Petroleum Club
McMurray Room – main floor
319 5th Ave SW
Calgary, AB

See on Google Maps

Please join BLG, JLL, and Iridium for a panel discussion that will address questions that are top of mind for real estate professionals, including:

- Can I lease a space to a cannabis retailer? What should I consider before the lease is finalized?
- How are the Alberta government and municipal governments ensuring that the production, distribution, and retailing of cannabis is done effectively, and considers other property uses?
- What can we learn from other jurisdictions that have legalized cannabis?
- How are mortgage lenders and property insurers dealing with cannabis operations?
- Are there more real estate opportunities in Alberta related to the cannabis industry?
- Are there some uses that are already over-saturated?
- With an ever-evolving legal and regulatory regime, an untested approach to retail in Alberta, and constantly fluctuating markets, this promises to be a lively and thought-provoking discussion.
