With hybrid working models impacting how employees engage across organizations, how can enlightened leaders promote the strong culture that is critical to performance?

We invite you and a guest to join us for an interactive discussion with renowned Harvard Fellow Dr. Heidi K. Gardner to reveal the subtle factors affecting your company culture and provide data-backed strategies and practical tools to enable a thriving culture for your team, your department, and your organization.

Dr. Gardner will be joined by Patrice Walch-Watson (*Senior Managing Director, General Counsel & Corporate Secretary, CPPIB*) and Sandra Perri (*Senior Vice President & General Counsel, Sun Life Canada*) to discuss how to use collaborative approaches to achieve better results, greater client loyalty, more engaged talent, and a competitive edge.

Reception to follow. We hope to see you there!
