As an Articling Student, Paige is assisting lawyers on a wide variety of tasks within our Business and Disputes groups.

Prior to attending law school, Paige received a Bachelor of Science (Honours) in Biological Sciences from the University of Calgary.

During her second-year summer and throughout her final year of law school, Paige worked in the legal department at a technology and learning development company. Paige was also a teaching assistant for the legal research and writing course at the University of Saskatchewan.

Paige chose BLG because they have developed an environment that values and fosters mentorship, growth, and authenticity. She was also attracted to their emphasis on teamwork and commitment to excellence.

In her spare time, Paige enjoys baking, reading, and being outdoors.
