Part 2: Panel Discussion: Ethical Considerations and the Future of Law | May 30

Edona returns to moderate a panel discussion diving deeper into ethical considerations surrounding AI in the legal space, including ways in which the use of AI may be shifting core legal values and how we can ensure that these crucial values are preserved in the technological transition. While using AI has many benefits, if left unchecked it can raise significant challenges for in-house counsel. This panel of experts will help provide you with some best practices when considering such ethical dilemmas for your own organization.

Panelists:

- Edona Vila, Partner, Technology Sector, BLG
- Kelly Friedman, Senior Legal Counsel & National Leader, BLG Beyond
- Lisa Chamandy, Chief Knowledge & Innovation Officer, BLG
- Melanie de Wit, Chief Legal Officer, Unity Health

Please respond by May 29 for Session 2.

CPD information Session

BC | This course has been accredited for 1.5 Professional Responsibility & Ethics hours. Course name: Professionalism Series: Transforming the legal landscape with Artificial Intelligence Session 2: Panel Discussion: Ethical Considerations. Course number: N30052023.

ON | This program contains 1.5 hours of Professionalism content.

QC | Please note, the concept of "recognition" or "accreditation" has been abolished. By doing this, the Barreau is trying to make it easier for lawyers to claim mandatory CLE credits without a formal accreditation process. It is now up to individual lawyers to determine the eligibility of a training activity and to declare the hours in their “Dossier de formation en ligne”.
