12:00 p.m. - 1:00 p.m. ET

Webinar
Connection details and links will be provided after you register.
Note that time is in EST.

A Nuts and Bolts Cyber Sit-Down

Our Nuts and Bolts series of webinars geared at the Ontario public sector continues in 2023, starting off with a discussion between our Ontario incident response leads [Dan Michaluk](#) and [Eric Charleston](#) about public sector cyber security and incident response.

You can expect a practical discussion of the most relevant trends and developments along with key topics such as pre-incident preparedness and interacting with funders, government and law enforcement.

Join us for practical input meant to be of value to all those in our municipal, education, hospital and broader public sectors.

Please respond by March 1, 2023.

If you have any questions about this event, please email RSVPNational@blg.com.
