Nella summered at BLG before returning as an articling student at BLG's Toronto office. She is focusing on disputes.

As a law student, Nella volunteered with the Sport Solution Clinic and with Pro Bono Students Canada as a Project Consent student volunteer. Nella also advocated for clients at the Community Legal Services Clinic.

Nella was drawn to BLG because of the strong mentorship and support provided to students. During the interview process, each lawyer created a welcoming environment and displayed a true passion for their work.

In her free time, Nella enjoys playing volleyball, trying new restaurants, and going to concerts.
