BLG represents Montoni and Fonds immobilier de solidarité FTQ for the syndicated pre-development financing of Quartier Molson

On January 23, a milestone has been reached in the redevelopment of the Quartier Molson, on the iconic site of the former Molson brewery in Montréal, with the closing of syndicated pre-development financing. The Quartier Molson will be deeply rooted in the community's needs and will become a point of pride for Montréal with international reach. BLG has been assisting in this ambitious project since the acquisition of the site in 2019.

BLG is proud to have represented Montoni and Fonds immobilier de solidarité FTQ for the implementation of this financing with a team including Vincent Frenette, Jeff Talbot, Mathieu Tremblay and Jordan Bouchard.
