

Whether you're establishing, buying or selling a business, or require legal advice on a business-related matter, you need an experienced team who can help you achieve your Canadian and international business objectives.

Our collaborative, multidisciplinary team is at the forefront of the business and corporate commercial world. We stay ahead of emerging legal and business trends to offer strategic advice on corporate commercial matters across a wide range of sectors, industries and business needs, including:

- Construction
- Financial Services
- Government & Public Sector
- Infrastructure
- Private Equity & Venture Capital
- Mining
- Energy Oil & Gas
- Energy Power
- Technology & Communication
- Transportation
- Charities and Not-For-Profits
- Private Company

Specializations

Advertising & Marketing

Our multi-disciplinary team of professionals acts for businesses in a number of industries and sectors on a variety of advertising and marketing-related matters.

Commercial Contracts

Our business is to know and understand our clients' commercial contract needs.

Corporate Governance

We are at the forefront of new developments in corporate governance, both in Canada and internationally.

Crisis Management

As businesses deal with greater global uncertainty and disruption, risk management is essential. When a crisis emerges, time is a luxury and organizations need a trusted advisor to help them stay in control. A forward-thinking crisis management strategy and skilled execution are crucial to anticipate, manage, communicate and minimize long-term damage.

Franchise Licensing & Distribution

There are many unique opportunities for franchisors in Canada – and many unexpected risks. The legal landscape of franchising is continually evolving. We offer our clients expert guidance and assistance every step of the way.

Private Company

We act as advocates for a variety of private companies in every aspect of the business life cycle.

Private Equity

Whether you're a private equity fund, leveraged finance buyer, venture capital firm or target company, the right advice

can make or break a deal.

StartUp & Grow™

Starting a business can be challenging. Whether you're an entrepreneur running a start-up, early- or growth-stage company, STARTUP&GROW™ can help meet your business's objectives and needs.

Vet Law

VetLaw™ is unique, often requiring the highly-specialized expertise and counsel you will only find from Canada's leading team in the field.

Experience

Advise OEMS on regulatory issues and dealer/franchise matters.

Advise clients on matters related to environmental regulatory approvals and transportation of dangerous goods approvals required to do business in Canada.

Advise clients in charter party and commercial disputes related to vessel design and construction, supply contracts, supply of necessities, maritime project management and long-term supply contracts

Advise clients on Transport Canada's rules for drone/unmanned aerial vehicle/remotely piloted aircraft system operations.

Advise and act for clients in synthetic aircraft lease deals.

Assist with the sale and purchase of Canadian air operators and maintenance organizations.
