BLG Poised for Mergers and Acquisitions in 2017

Despite the uncertainty created by Brexit and the results of the U.S. election, we expect Canadian merger and acquisition activity in 2017 to be busy. According to [The 4 Biggest Trends in Mergers and Acquisitions for 2017](#) published by *Forbes* "In today's slower-growth environment, many businesses are on the hunt for high-quality companies that will add to the bottom line, despite higher valuations" and "business owners have plenty of reasons to remain hopeful".

BLG is poised to meet the appetite for deals in 2017. In 2016, we advised on more than 100 M&A deals with an aggregate disclosed value of over CDN\$24B. We worked with public and private Canadian and international clients in many sectors including financial services, energy, technology, mining, health, communications and retail.

Significant transactions included acting as counsel to:

- Enersource Corporation in connection with its proposed merger with Horizon Utilities Corporation and PowerStream Inc., and the acquisition by the merged entity of Hydro One Brampton Networks Inc. to form a consolidated electricity distributor with an enterprise value in excess of CDN\$3B. This consolidation is the largest amalgamation in the history of the Ontario electricity sector. When the merger is completed, the resulting entity will be the second largest distribution utility in Ontario.
- The Special Committee of Corus Entertainment in its CDN\$2.65B acquisition of Shaw Media which was challenged, unsuccessfully, by Catalyst Capital Group Inc.
- Canoe Financial and O'Leary Funds Management LP in the acquisition of the O'Leary investment funds, with portfolio assets of almost CDN\$4B, by Canoe as well as acting for Canoe on the extensive pre- and post-closing fund changes and mergers resulting from the acquisition.
- Cynapsus Therapeutics Inc. in its US\$635M acquisition by Sunovion Pharmaceuticals Inc., the largest life sciences transaction in Canada in the past 5 years.
- Dolly Varden Silver Corporation in its successful defence of a take-over bid by Hecla Mining, including the successful representation of Dolly Varden in joint hearings by the Ontario and British Columbia Securities Commissions.
