We are the firm with momentum

BLG is where your passion, innovation, and drive for excellence can shine through. We are a progressive, forward-thinking firm and together we are changing the way the world does business.

Your pathway to success

No two lawyers are the same, or have the same interests. With different goals and many different ways to get there, we make it our mission to ensure all our students are supported and encouraged.

From their first day in the office, students participate in a comprehensive orientation to introduce them to the firm. Throughout articling and summering, they attend regular training sessions in practice management and a variety of topics in substantive law.
