

Federal Financial Institutions Legislative And Regulatory Reporter

April 06, 2016

The Reporter provides a monthly summary of Canadian federal legislative and regulatory developments of relevance to federally regulated financial institutions. It does not address Canadian provincial financial services legislative and regulatory developments, although this information is tracked by BLG and can be provided on request. In addition, purely technical and administrative changes (such as changes to reporting forms) are not covered.

OSFI [Applicable to banks, trust and loan companies, cooperative credit associations and insurance companies]	Issued February 29, 2016	E-22 Margin Requirements for Non-Centrally Cleared Derivatives OSFI is issuing the final version of Guideline E-22, which requires the exchange of margin to secure performance on non-centrally cleared derivatives transactions between covered entities. These margin requirements will mitigate systemic risk in the financial sector as well as promote central clearing of derivatives where practicable. The provisions of this Guideline are consistent with margin requirements	Effective September 1, 2016
