Rick practises **environmental law** with an emphasis on environmental aspects of major development initiatives and transactions involving **heavy industry, transportation, energy** and **infrastructure** projects, and brownfields redevelopment.

With members of BLG's litigation practice groups, he also acts as defence counsel on **regulatory prosecutions** and in **civil actions**.

Experience

- Kratos Defense & Security Solutions, Inc. (NASDAQ: KTOS), a leading National Security Solutions provider, in its US\$35 million acquisition of satellite antenna manufacturer ASC Signal from CPI.
- Environmental aspects of numerous corporate, commercial and real estate transactions, including the conduct of extensive environmental due diligence in connection with Canada-wide acquisitions and financing transactions.
- Environmental approvals for major construction and energy projects and operating permits.
- Civil actions (including class actions) and regulatory proceedings relating to alleged spills and contaminant migration.
- Spill reporting and emergency response requirements.
- Assessment and management of endangered species issues.
- Full range of land and planning approvals, including official plan and group amendments, site plan control, and building permit issue.
