Antoinette is a registered patent agent in our Intellectual Property Group. Her practice focuses on patent drafting and prosecution in the life sciences, with an emphasis on biotechnology and pharmaceutical innovations.

Antoinette is experienced in the areas of antibody therapeutics, cell-based therapies, proteomics, and diagnostics, providing clients with comprehensive support in the protection of new technologies in these areas.

Prior to joining BLG, Antoinette worked as a sessional lecturer at a Canadian university, teaching Current Topics in Biochemistry. She has published in various scientific journals and is also a co-inventor of a clinical stage antibody therapeutic.
