Make faster, more efficient business decisions with large-scale, tech-enabled contract review services

BLG Beyond Contract Review is a flexible, responsive contract review model equipped for large reviews within various subject matters. This service is designed to help you navigate important business transitions, such as performing due diligence related to a merger, acquisition or divestiture; assessing compliance with new legislation; or amending your contracts to reflect a new corporate structure.

BLG Beyond Contract Review is comprehensive and scalable to meet the specific needs of your business. Our blend of artificial intelligence (AI) tools, multidisciplinary in-house legal expertise, and business experience ensures you receive accurate data from your contracts in less time, providing you with the security and confidence to focus on the big picture.

Experience

- BLG Beyond Contract Review assisted a large Canadian financial institution that required a review of 1,000 procurement contracts in four weeks as part of a due diligence project. Using an AI-supported legal review approach, the review was done ahead of schedule and within budget. The client was very pleased and expressed enthusiasm for “not having to do this the old-fashioned way.”
- BLG Beyond Contract Review partnered with a large financial institution that was assuming the commercial lending agreements of its acquisition. The team reviewed over 5,500 documents and provided the client with extracts and lending reports that allowed the client to operationalize the agreements in their own system. From day one post-close, the client was able to seamlessly process draws for their new customers.
- BLG Beyond Contract Review helped one of Canada's largest retailers acquire a top physiotherapy clinic chain. With under five days to the signing deadline, we reviewed 900+ leasing documents for 305 locations nationwide. Using AI-supported legal review, we provided insights, summaries, and issue reports ahead of schedule, enabling fast, informed decisions before the acquisition agreement signing.
