COMMUNITY INVOLVEMENT

The BLG Foundation supports 14 charities in its first round of giving

Organizations selected by firm members reflect a people-driven approach to community investment

In its first round of giving since launching in December 2025, The BLG Foundation is proud to support 14 charitable organizations across Canada - each nominated by firm members who are actively involved as volunteers or board members.

This reflects a defining principle of The BLG Foundation: putting decision-making in the hands of our people. By supporting organizations where firm members are already contributing their time and leadership, the Foundation ensures its investments are both meaningful and closely connected to the communities we serve.

The organizations supported in Q1 and Q2 span a wide range of causes, from youth services and health care to community support and the arts, united by a shared commitment to strengthening communities across the country.

We are grateful to the firm members who championed these organizations and who continue to make a difference beyond the workplace.
