November 12, 2020

No matter the product or the industry, manufacturers, distributors and retailers of products are often in the spotlight and face the predicament of mitigating against business, litigation and regulatory risks.

BLG's product lawyers explored the following topics during the recent product liability webinar, on November 12, 2020:

- Cross Country Product Litigation Developments
- Product Investigations: Dealing with the regulator and the media
- Product Liability Matrix of "Smart Products"

Watch the webinar

Services: Products Law, Disputes
