September 10, 2020  
2:00 p.m. - 2:15 p.m.

Webinar  
Dial-in details and links will be provided after you register  
EST

## Session 1 – Virtual Disputes

Please join us for the first in a series of Coffee Break with BLG events – short learning sessions on topics relevant to financial institutions and their legal departments.

The shift to remote court appearances, examinations and mediations is a prime example of how COVID-19 continues to disrupt the traditional delivery of legal services. While social distancing measures have resulted in limited access to courts across Canada, some matters continue to be heard using remote technology.

Join us to hear practical insights on how the approach to disputes has evolved since COVID-19 precautions were implemented, an overview of virtual proceedings across the country and practical tips on how to effectively participate in virtual proceedings.

[Michelle Maniago](#) will lead this session featuring updates and tips regarding virtual disputes.

## Event Details
