Electronic Evidence Challenges - Collecting/Processing

Beyond eDiscovery is BLG's dedicated business for solving clients' electronic evidence management issues. It is continuously scanning the market for innovative technologies and partnerships to ensure BLG's litigators can provide the most efficient and effective litigation services to BLG clients.

Watch Kelly Friedman, Senior Counsel and National Leader, Beyond eDiscovery at BLG, and David Meadows, Senior Managing Director, FTI Consulting, for a discussion about the key role of data collection and "data transformation" services for ensuring your litigation team rises to new data-driven challenges.
