BLG invites you to join the conversation on the future of autonomous vehicles at two premiere events in February.

On February 19, 2020, BLG will host the unveiling of a comprehensive report written by the Toronto Region Board of Trade entitled,*Getting Ready for Autonomy: AVs for Safe, Clean and Inclusive Mobility in the Toronto Region*. This report will provide a lens into the current state of readiness for a CAV-enabled Toronto region and the steps we need to take to speed up CAV's deployment, and is a must-read for industry stakeholders.

On February 20, 2020, BLG is holding its inaugural *Autonomous Vehicles Legal Summit*, which features legal insights on the state of autonomous vehicles regulation, smart infrastructure and mobility as a service, liability and insurance, financing autonomous vehicle assets, privacy and more.
