Whether you have a large, complex leasing portfolio or only need occasional guidance, you need a partner that will make it faster and easier to manage your leasing portfolio.

Our leasing-only specialists provide expert, practical advice to help you reduce costs and streamline processes.

Our National Leasing Centre’s (NLC) flexible approach lets you decide how to best deploy resources and get the exact level of support you need. We can work with your in-house legal team or provide external support.

Either way, when you partner with NLC, you receive:
- fast, comprehensive support, so you can seize every opportunity
- expert advice from specialists with years of intensive leasing skills and experience
- Canada-wide coverage
- real-world advice on how to simplify and streamline your leasing processes
- use of the latest technology
- custom solutions and pricing that meet your unique needs

NLC handles projects of all sizes in a broad range of sectors, including office, industrial, retail, hospitality, mixed-use developments, telecommunications, condominium/strata, Crown lands, Indigenous and infrastructure. We can help you with:

- lease drafting and related negotiations
- amendments, renewals, extensions, surrenders, subleases, assignments and consents
- opinions and interpretations
- lease-related disputes and litigation support
- due diligence lease reviews
- M&A support

Experience
